

UF100PLUS

Face & Fingerprint Time Attendance with WiFi

Gray/Blue/Gold

UF100PLUS is a face & fingerprint time attendance, with 1000 fingerprint, 300 face and 100,000 log capacity. It can support multiple verification methods, including face, fingerprint, password, RFID and combination between them.

With the latest hardware platform, Face and Finger algorithm, it offers brand new , UI and user-friendly operation interface to provide good user experience.

It supports WiFi by factory default. Administrator can download and check data wirelessly. Besides, it also comes with TCP/IP and USB ports, giving you more communication options.

Features:

Face Recognition

Schedule Bell

Fingerprint Recognition

1.3MP Camera

SSR Report

WiFi Communication

USB Download

TCP/IP Communication

Specifications:

Display	2.8 Inch TFT Touch Screen
Face Capacity	300 pcs
Fingerprint Capacity	1000 pcs
RFID Capacity	1000 pcs (Optional)
Logs Capacity	100,000
Algorithm	ZKFinger VX10.0 & ZKFace VX7.0
Communication	USB Host, TCP/IP, WiFi
Standard Functions	T9 Input, Photo ID, SSR report, Schedule Bell, Weather Display, Multi-verification
Optional Function	ID/MF module, Web Server
Operating Temperature	0 °C to 45 °C (-5 °F to 122 °F)
Operating Humidity	20% to 80%
Power Supply	DC 5V 1A, UPS (Optional)
Dimension	168mm * 149mm * 33mm
Net Weight	About 0.72KG

Dimension:

Packing List:

Power Adapter

Mounting Paper & Measuring tape

Back Plate

Screws & Holders
